Allowing Emulator To Open Mac

Your company provides you with a login, mail, calendar and contacts that only work on certain browsers? You quickly want to test your websites in Windows-based browsers.. WineBottler packages Windows-based programs like browsers, media-players, games or business applications snugly into Mac app-bundles.. You want to play games, that are not ported to OS X? Your online trading platform or accounting tool only runs on Windows? Your audio book player is not available on OS X?.
